**NOTICE OF NEW OR REVISED PROJECTED PUBLICATION DATE**

The above-identified application has a new or revised projected publication date. The current projected publication date for this application is 12/29/2005. If this is a new projected publication date (there was no previous projected publication date), the application has been cleared by Licensing & Review or a secrecy order has been rescinded and the application is now in the publication queue.

If this is a revised projected publication date (one that is different from a previously communicated projected publication date), the publication date has been revised due to processing delays in the USPTO or the abandonment and subsequent revival of an application.
